Dear sirs,

Under Section 22 (1) The Director of the Coast Guard is mandated to make an independent decision on accomodation of vessel in need of assistance. After complying with Section 23(1) on risk assessment a decision has been made to admit the casualty to a designated anchorage under certain conditions. The decision has been taken in order to minimise the potential greater threat to the environment posed by other options

Director, Irish Coast Guard, (FOR THE PURPOSES OF THIS EXERCISE ONLY)
